Morning Gary,

I have talked to our consultant on the Ingleside issue with Tank 12 water removal and the permit associated with it.

She is expecting your call for further discussion.

Scott:

This is my last correspondence with Steve related to the Ingleside Refinery (aka Falcon Refinery). The items listed below are items that are required to be accomplished to complete the EPA Removal Administrative Order. Jonathan Carroll is very aware of what is required to be completed.

Thanks
Gary Moore
